

Space & Underwater Tourism Universal Summit

SEPTEMBER 23-24, 2019, MARBELLA

DEMO AREA

An underwater experience accessible to all

Scott Waters will present his submarine "Pisces VI" at SUTUS. Waters' objective is to democratize access to the deep sea.

Discover in its stand all that a trip under the sea can offer.

Travel to the moon with SpaceT

Enjoy a trip to the Moon with the demo that comes from the hand of the technologies companies 3IN-Tech and Stega Studio.

Feel the zero gravity and walk on the moon as if you were an astronaut with this virtual experience.

Protecting the oceans - artistic activism

Four technological companies from Malaga have developed this Virtual Reality experience that will be presented in SUTUS: Feel, 3IN-Tech, Mecenias 2.0 and Krill Audio.

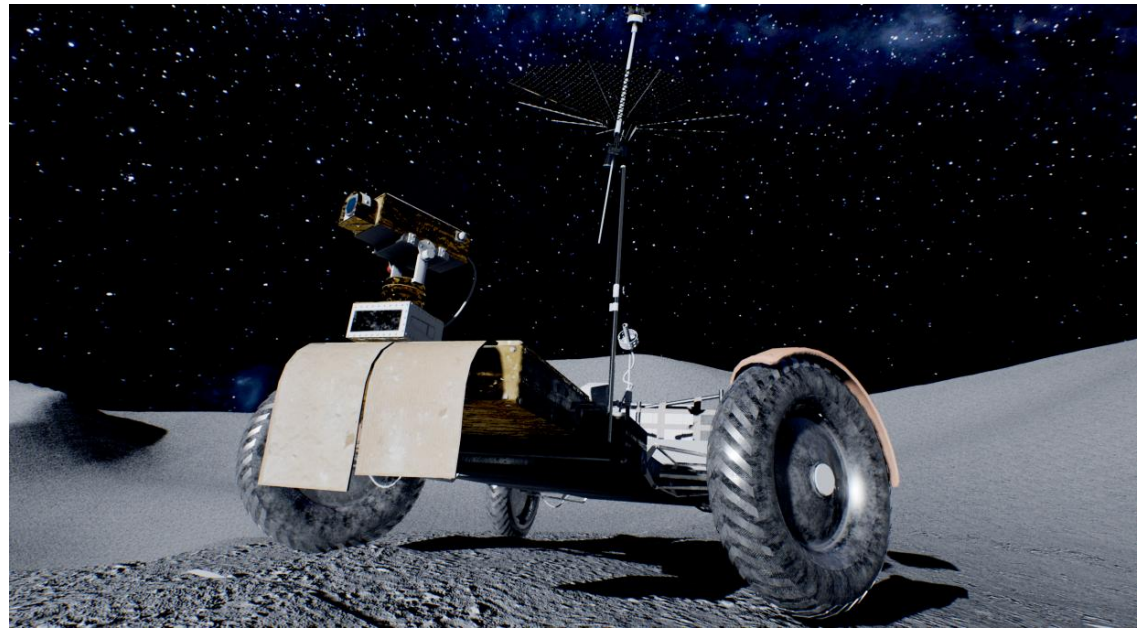

This project consists of creating a virtual space open to everyone so that artists can exhibit works of art in order to raise awareness about the importance of protecting our oceans.

VR to commemorate the 50th anniversary landing to the moon

The company 2FEEL 3D will offer an interactive Virtual Reality experience of about 5 minutes to commemorate the 50th anniversary of the arrival of man on the moon.

It will recreate the moment when man steps on the moon, reliving that very moment.
